Current through 7 May 2015
FAC 2005-82
DPN 20150420
CD 2015-O0014
Purpose

The purpose of this guide is to 1) assist DoD contract specialists responsible for preparing competitive solicitations for the acquisition of commercial items using FAR Part 12 procedures, 2) assist DoD contracting officers or other DoD contracting personnel responsible for ensuring the quality of these solicitations prior to their release, and 3) assist administrators of automated procurement systems used by DoD (i.e., PD², ConWrite, etc.) who are responsible for ensuring that competitive solicitations produced with the aid of these automated procurement systems are of good quality. This guide does not specifically address the preparation of combined synopsis/solicitation procedure described in FAR 12.603. However, the information in this guide may be useful in preparing a combined synopsis/solicitation as it relates to the type of information that should be in an addendum, the clauses to be incorporated by reference in FAR 52.212-5, etc.

Solicitation format.

Pursuant to FAR 12.303, solicitations for the acquisition of commercial items prepared using FAR Part 12 shall be assembled, to the maximum extent practicable, using the following format:

(a) Standard Form (SF) 1449;
(b) Continuation of any block from the SF 1449;
(c) Contract clauses;
(d) Any solicitation documents, exhibits or attachments; and
(e) Solicitation provisions

For ease of use, the organization of this guide resembles the preferred organization of a solicitation for the acquisition of commercial items using FAR Part 12 ((a) through (e) above).

Advice and Recommendations

Users of this guide are advised against printing it out and using it as a desk reference, as it will be continuously updated in response to changes to the FAR or DFARS that affect the acquisition of commercial items and as a result of user feedback. Instead, it should be accessed online at the Defense Acquisition University Acquisition Community Connection Web site (https://acc.dau.mil) under the Contracting Community of Practice. All suggestions and recommendations to improve the content and format of this guide are welcome and should be sent to donald.mansfield@dau.mil.
Part (a): Standard Form 1449

The SF 1449, Solicitation/Contract/Order for Commercial Items, shall be used, to the maximum extent practicable, as the cover page of a solicitation for commercial items. The official form is available in the GSA Forms Library. The FAR Home page (www.acquisition.gov/far) contains a hyperlink to the GSA Forms Library.

When using the SF 1449 as the cover page to a solicitation, the following blocks must be completed:

Block 1: Requisition number (if known).
Block 5: Solicitation number (see DFARS 204.70 for solicitation numbering procedures).
Block 6: Solicitation issue date.
Block 7a&b: Insert name and phone number of the point of contact for the solicitation.
Block 8: Insert the date and local time that quotations (if the solicitation is an RFQ) or offers (if the solicitation is an IFB or an RFP) are due.
Block 9: Insert the address of the contracting office. Insert the Department of Defense Activity Address Code (DoDAAC) of the contracting office in the “Code” box.
Block 10: Check either the “Unrestricted” or the “Set-Aside” boxes, depending on the extent of competition that you are seeking. You must also insert the applicable North American Industry Classification System (NAICS) code for the item you intend to procure and the accompanying size standard for the applicable NAICS code. NAICS codes are available at www.census.gov/naics. If you check the “Set-Aside” box, you must also check the box indicating the type of set-aside (small business, HUBZone small business, or service-disabled veteran-owned small business). If you indicate that the procurement will be set-aside for small business, you must indicate the percentage of the procurement that is being set aside for small business. If the procurement is being conducted using competitive procedures under the Small Business Administration 8(a) business development program, you must check the “8(A)” box to indicate this.
Block 11: If delivery terms are other than FOB destination, check the “See Schedule” box and specify the delivery terms on an SF 1449 continuation sheet.
Block 13a&b: If the procurement is a rated order under the Defense Priorities and Allocations System (DPAS), check the box in block 13a and specify the rating in block 13b. See FAR Subpart 11.6 and 15 CFR 700 for information on DPAS ratings.
Block 14: Check the box indicating the type of solicitation being issued; Request for Quotations (RFQ), Invitation for Bids (IFB), or Request for Proposals (RFP).
Block 15: Insert place of delivery and, in the “Code” box, the DoDAAC for the receiving activity.
Blocks 19-22: For each contract line item established and numbered in accordance with the criteria in DFARS 204.7103, insert the line item number, description of supply and/or service sought, quantity, and unit of issue.
Block 27a: Check block 27a and indicate whether or not you are attaching addenda to FAR 52.212-1 or FAR 52.212-4.
Block 28: Check block 28 if you are issuing an IFB or an RFP. Specify the number of copies that offerors are required to submit.
Part (b): Continuation of any block from the SF 1449

For information that does not completely fit into the blocks of the SF 1449 (e.g., Block 11 if specifying other than FOB destination delivery terms or blocks 19-22 for contract line item numbers, schedule of supplies/services, quantity, and unit of issue), you should use an SF 1449 continuation sheet. If you are going to use an SF 1449 continuation sheet, be sure to indicate in the block on the SF 1449 that the information is contained on the continuation sheet. The SF 1449 continuation sheet should be labeled as such and should, for all information provided, clearly indicate the corresponding block(s) on the SF 1449.

Part (c): Contract Clauses

(1) FAR 52.212-4, Contract Terms and Conditions—Commercial Items (May 2015). Insert this clause in solicitations and contracts for the acquisition of commercial items. This clause includes terms and conditions which are, to the maximum extent practicable, consistent with customary commercial practices and is incorporated in the solicitation and contract by reference (see Block 27, SF 1449). The contracting officer may tailor this clause in accordance with FAR 12.302. Use this clause with its Alternate I when a time-and-materials or labor-hour contract will be awarded.

(2) Addendum to FAR 52.212-4. Any addendum to FAR 52.212-4 should be clearly labeled as such and shall include the following information, as appropriate:
   (i) If the contracting officer tailors FAR 52.212-4 in accordance with FAR 12.302, the tailored parts of the clause shall be stated in the addendum.
   (ii) If the contracting officer specifies commercial contract financing terms, the information required by FAR 32.206(b)(1) shall be included in the addendum.
   (iii) When cost information will be obtained pursuant to FAR part 15 to establish the reasonableness of prices for commercial items, the contracting officer shall insert the clauses prescribed for this purpose in the addendum.
   (iv) The contracting officer may include in solicitations and contracts by addendum to FAR 52.212-4 other FAR clauses when their use is consistent with the limitations contained in FAR 12.302. For example:
      (A) The contracting officer may include appropriate clauses when an indefinite-delivery type of contract will be used. The clauses prescribed at FAR 16.506 may be used for this purpose.
      (B) The contracting officer may include appropriate clauses when the use of options is in the Government’s interest. The clauses prescribed in FAR 17.208 may be used for this purpose.
      (C) The contracting officer may use the provisions and clauses contained in FAR Part 23 regarding the use of products containing recovered materials and biobased products when appropriate for the item being acquired.
   (v) The contracting officer shall insert the clause at 52.245-1, Government Property (Apr 2012), in contracts or modifications awarded under FAR Part 12 procedures where Government property that exceeds the simplified acquisition threshold, as defined in FAR 2.101, is furnished or where the contractor is directed to acquire
property for use under the contract that is titled in the Government. The contracting officer shall use the clause with its Alternate I in contracts other than time-and-materials labor-hour, and negotiated fixed-price contracts. Purchase orders for property repair need not include a Government property clause when the acquisition cost of Government property to be repaired does not exceed the simplified acquisition threshold, unless other Government property (not for repair) is provided.

(vi) The contracting officer shall insert the clause at 52.245-9, Use and Charges, in solicitations and contracts when the clause at 52.245-1 is included.

(3) FAR 52.212-5, Contract Terms and Conditions Required to Implement Statutes and Executive Orders (May 2015). This clause incorporates by reference only those clauses required to implement provisions of law or Executive orders applicable to the acquisition of commercial items. The contracting officer shall attach this clause to the solicitation and contract and, using the appropriate clause prescriptions, indicate which, if any, of the additional clauses cited in 52.212-5(b) or (c) are applicable to the specific acquisition. Some of the clauses require fill-in; the fill-in language should be inserted as directed by FAR 52.104(d). When cost information is obtained pursuant to FAR part 15 to establish the reasonableness of prices for commercial items, the contracting officer shall insert the clauses prescribed for this purpose in an addendum to the solicitation and contract. This clause may not be tailored or incorporated by reference. Use the clause with its Alternate I when the head of the agency has waived the examination of records by the Comptroller General in accordance with FAR 25.1001. If the acquisition will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5), the contracting officer shall use the clause with its Alternate II. In the case of a bilateral contract modification that will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, the contracting officer shall specify applicability of Alternate II to that modification. In the case of a task- or delivery-order contract in which not all orders will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, the contracting officer shall specify the task or delivery orders to which Alternate II applies. The contracting officer may not use Alternate I when Alternate II applies. The FAR clauses contained in FAR 52.212-5(b) and (c) are shown with their prescriptions (shown in italics) below:

The contracting officer shall use the clause with its Alternate I to waive the 50 percent requirement if the conditions at 19.1308(b) apply. The contracting officer may tailor these instructions or provide additional instructions tailored to the specific acquisition in accordance with FAR 12.302.

(2) Addendum to FAR 52.212-1. Any addendum to FAR 52.212-1 shall be clearly labeled as such and shall contain the following information, as appropriate:

      (A) Authorize offerors to provide information on problems encountered on the contracts identified in their past performance submissions and the offerors’ corrective actions, when past performance will be evaluated (FAR 15.305);
      (B) Notify offerors that the competitive range can be limited for purposes of efficiency, if the contracting officer intends to limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals (FAR 15.306(c)(2)).
   (ii) The location where quotations are to be submitted shall be stated on the addendum, if not elsewhere specified.
   (iii) If quotations or offers will be accepted on other than the SF 1449 or letterhead stationary, other acceptable forms of submission shall be stated on the addendum, if not elsewhere specified.
